POLICE REPORT (NP299)

CONTINUATION OF REPORT

Report No. G/20241014

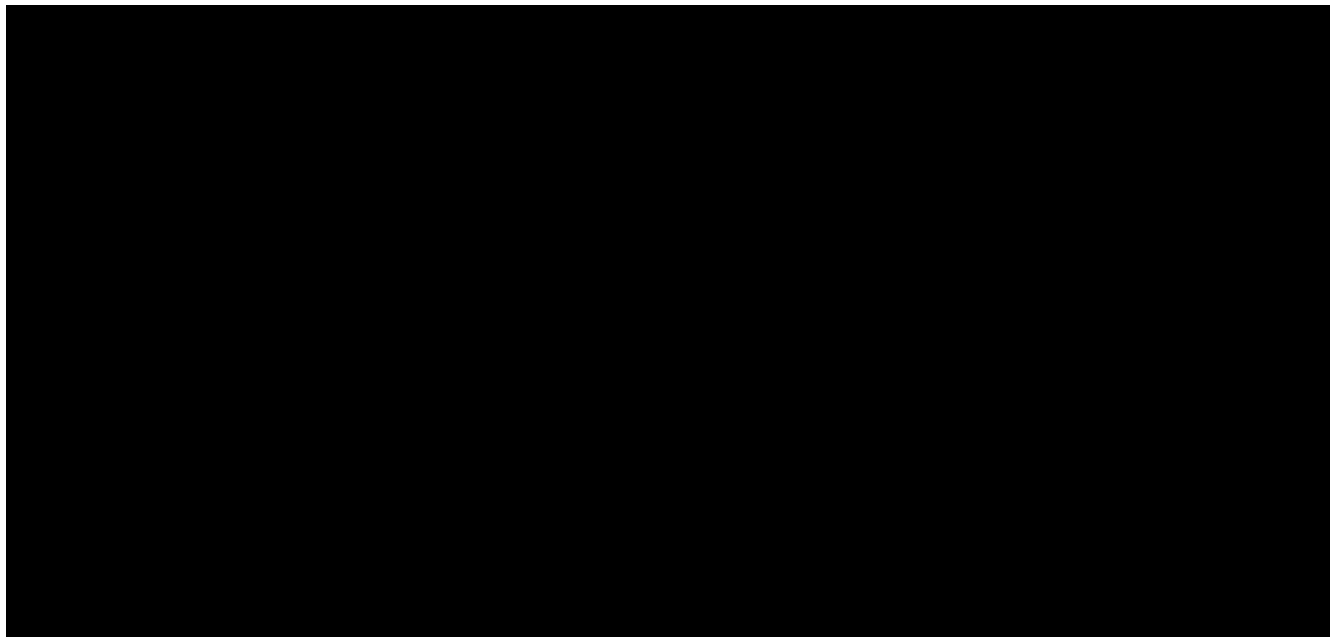

I am making a police report on behalf of the company WP Worldwide Limited, registered in the British Virgin Islands and with the registered Company Number [REDACTED]. The company's business includes blockchain technology services.

On 11 October 2024, a Friday, a security breach was discovered on one of our online deployed products. Steps were taken to take the product offline.

Since then, we have been investigating internally the scope of the damage and the extent of the breach, and continue to do so. That being said no data was compromised. The online product is not available for Singaporeans and Residents.

I am very upset that the company is a victim suffering this wrong because it has led to significant reputational damage of the business, negative sentiment online and the company's financial losses. As this is a BVI registered business and we are currently still working with our lawyers to ascertain the correct jurisdiction of this issue, however, as I am a resident of Singapore, [REDACTED]

[REDACTED] legal recourse.
